JAMES 1:27
In-Home Personal Care & Homemaking

History

In 1996, Bruce Emmel was introduced by his wife, Audrey, to a man who had cerebral palsy and was confined to a wheelchair. They shared an interest in horses, country and bluegrass gospel music and would often get together. Bruce learned about his friend's frustration, that there were no local personal care providers in Clearwater or Beltrami counties. He also asked Bruce to start a personal care agency. As a follower of Jesus Christ, Bruce believed strongly that his Christian faith should be lived out and not just talked about. The book of James is a wonderful reference book for care providers. James 1:27 encouraged Bruce to move forward. In 2006, with the likeminded support of this individual, family, friends, and by the grace of God, Home at Heart Care began.

We Believe

Feeling comfortable and being in a familiar environment can make a positive difference in overall health and wellness.

There is a lot of truth to the saying "Home is where the heart is." We would like to help you stay in your home as long as it is safe for you to be home.

"Your home is where our heart is." It is a proven fact that a positive attitude improves your quality of life. Our staff shares this belief.

"Pure and genuine religion in the sight of God the Father means caring for orphans and widows in their distress and refusing to let the world corrupt you."

James 1:27
